The abundance of water and excellent availability of food are the reasons why the Masai Mara, which in fact is a continuation of the Tanzanian Serengeti National Park, has the greatest population of wild animals in the whole of Africa. There is a particularly dramatic "spectacle" from July to October, the annual migration of huge herds of Gnus and zebras. Predators such as Hyenas, Jackals, Leopards and Lions of course, closely follow these herds. Gigantic herds of over 200 buffaloes can also be observed. Plenty of food is available for elephants, giraffes, and the many species of antelopes. OPTIONAL (hot air balloon taking off in the beautiful early morning, you drift above the browsing game and have tremendous opportunities for unusual photographs. What could be more uplifting than an early morning safari in a hot air balloon flying over the vast plains of Africa? Witness an African sunrise as a plethora of wildlife roam the land beneath you. At the end of the flight you land on the plains, in the midst of this enchanting savannah a champagne breakfast is laid out with the mouth watering aroma of sausages, eggs, and bacon, sizzling over a charcoal fire.
